Subject: Porsche Sportscar Together June 9

Date: Sat, May 5, 2018 12:40 pm

Gentlemen,

On Saturday June 9, 2018, 8 am to 10 am Metalkraft Coachwerkes will be hosting an open house at their facility on Plainville Road in Mariemont

Mr. Woeste and Jim Woodall of Porsche of the Village have specifically invited the Drei Staaten Gruppe to put 356s on display in the Metalkraft parking lot for this open house.

This is part of the Porsche Cars "Sportscar Together" event as part of the 70th anniversary celebration. Porsche of the Village would like to have the Metalkraft lot populated with 356s for photography and drone footage. The open house is open to all enthusiasts, but **only** 356s and associated Porsches will be welcome to park at Metalkraft.

This is an opportunity to showcase your car and support our sponsors Porsche of the Village and Metalkraft Coachwerkes by enhancing their event.

Please spread the word to all 356 owners to bring their cars to Metalkraft for the Sportscar Together Celebration.

Immediately following the open house will be a marvelous seminar at Porsche of the Village featuring Chad McQueen, The Ingrams and the Road Scholars collection speaking on the history of Porsche Cars as part of the Cincinnati Concours d'Elegance at Ault Park activities. Tickets can be secured for the seminar at www.ohioconcours.com.

Please contact me with any questions or answers.

*Thanks A Million,
Kurt Niemeyer*
