

Rally, Rally, Rally!

Saturday August 24, 2019

Brought to you by the OVR PCA!

This rally will feature multiple stages; some will require finding clues along the route, while others will involve maintaining your speed over the distance to finish in a pre-determined time (Time-Speed-Distance, TSD). Each car will be dispatched at an interval to avoid congestion, a navigator will be extremely helpful to stay on route and accomplish the TSD stages properly; however Rallymaster Chris Jacobs has worked to make each stage achievable for solo drivers. Cars will be classified by age and displacement, making the chances for success the same in a 356 as a 918!

Saturday, August 24, Bellefontaine Ohio. Tech inspection 7 am-1 pm. Safety Meeting 2 pm. First Car Out 3 pm.

Approximately 3 hours. Party follows with buffet, beverages and boasting!

Registration and information available at; <http://ovrpca.org/Event.aspx?ID=334>
