Subject: Upcoming DSG Events for 2020

Date: Wed, Jul 22, 2020 10:28 am

Hi Gruppe!,

Based on the current Covid-19 cases increasing, the DSG board has decided to cancel the balance of our "static" events for the rest of the 2020 calendar year.

Being close to each other and sharing food and drinks is not keeping with the spirit of our state mandated rules, and is seen as being too risky.

This includes the Chili Party in October as well as the Holiday Party in December.

Our hope is that a vaccine is developed and we can pick up again in the spring of 2021!

We would love to receive some photos and stories of what our members have been up to during this difficult time that we can post on the DSG website.

You can send your updates to Stan Yarrish at: syarrish@aol.com. Anything that you would like to share would be greatly appreciated.

My two granddaughters have been helping me work on my son Adam`s 356C and I will send some photos to Stan. At ages 6 and 3 they are very enthusiastic mechanics and future DSG members.

We are also investigating setting up a couple of virtual meetings on ZOOM, where we can see each other and chat about our favorite cars.

Not being able to get together with the Gruppe has made me appreciate even more the friendships that we all share.

The Cincinnati VW Club`s VW/Porsche/Audi show at Germania Park in September is still scheduled to take place on September 27th should you want to attend and I will keep all advised. There will be no Open House this year at Metalkraft

The Bellefontaine Hill Climb is scheduled to take place on August 28th with participants only and no spectators or social events to be included.

Please also see the below from DSG member Kurt Niemeyer:

The other clubs we participate with are conducting primarily Zoom meetings, avoiding static displays, driving tours are popular ways to enjoy the

cars. Laura and I have been driving every other Sunday Morning with several friends and are having a blast!

The driving tours I have conducted leave within 15 minutes of meeting at the start point, participants are asked to wear masks and stay physically distant as we gather. The destinations offer picnic areas and we encourage participants to bring their own food or get some carryout, whatever they are comfortable with, we have eliminated all gatherings for meals.

The events keep the cars and people moving, *Safe Social Distancing is One Car Length for every Ten Miles Per Hour.*

October 10th we have driving tours scheduled and suggest the DSG members participate in that function, which quite frankly will eliminate the Cruise In portion at the end of the driving portion. This is the Spring Classic Driving Tour that was delayed, we have electronic registration, electronically signed waivers, electronically delivered route instructions, with minimal official contact throughout the events. If folks want to be closer to their friends, that is their prerogative, but we will be striving to give everyone enough space to be comfortable.

I will send out links and info on these planned events.

Keep me advised on any questions!

Vintage Porsche Regards,
